# THE BARNEY NALOXONE STAND™

## Newspaper Stand Style Free Standing Naloxone Distribution Box

*Note: Due to nationwide escalation of the Overdose Crisis, we now have several variations of Barney that hold between 65 and 75 boxes of Narcan's new larger box. We will optimize selection of your unit to ship your order faster. We assure you they are all purple, cute and awesome and custom labeling is available on all of them.*

Make Naloxone accessible outside or inside with this newspaper stand style distribution box. We call it "Barney" - the fan favorite of community health departments across the USA. It holds 50 - 130 Boxes of Narcan® Brand Naloxone, so you don't have to refill as often. Made of heavy duty molded plastic, it is durable yet easy to move. Bolt it to the ground or fill it with sand to secure it.

On orders of 20 units or more, customization of side label is free. We can accommodate custom Crisis Phone Numbers, Replenishment Phone Numbers, Logos, QR Codes, etc. On smaller orders there is a one-time \$249 design fee.

Side label can accommodate custom labeling. See product documents under Labeling for details.

## NECESSITY OASIS™

### Vending Machine for Harm Reduction and Human Needs Kits

They say when life gives you lemons, make lemonade. Everyone knows Narcan comes in the most ridiculous box size you can imagine. The boxes only redeeming factor is that it is "too big". So at Illinois Supply, we have time on our hands apparently, because we started seeing what else we could stuff in a box the same size as the Narcan box. What do you know? Quite a few things! Like washrags, soap, shaving razors, combs, shampoo...you name it. And we are aiming to offer high quality refill supplies for these cabinets at a very competitive cost so providing your community with basic human needs will be as easy and efficient as possible.

### NECESSITY OASIS™ CABINET & STARTER KIT

- You choose your labels for each chute - they are changeable and removable
- Boxes come in two sizes that both fit the new larger size Narcan® box chute
- If you have supplies that are too big for this cabinet, check out our freestanding giveaway cabinets such as the Harm Reduction Station or the Barney Naloxone Newstand.
- This wall-mounted cabinet won't jam because it is gravity fed using perfectly sized chutes designed specifically for these boxes.
- Dimensions: 17" x 26" x 8"
- Weight: 38.5 lbs

### The Two Minute Naloxone Prayer

Lord, we come to you now on the brink of tragedy

We ask for your miraculous intervention

Please help us, with this medication, to revive this victim –  
and please wake them not only  
from this unnatural slumber, but from the darkness of their addiction.

Please help them to breathe

And help their heart to beat

Please help their bodily rhythms to return to normal

Please help the medicine to work properly

Please help the ambulance to find us quickly and safely

Whether this is an accident or a chronic problem, please give this person  
the rock-bottom wake-up-call they need to get help.

Please let this person know, upon waking, that we are here to help them

We ask that you put people in their life who will help them with this addiction  
people who will see their potential for happiness, clean and sober

And Lord please break bonds of false friendship  
that may be encouraging this person to use drugs frequently

Please empower the intervention programs and treatment centers  
so that they may help with breaking the grip of these opioids

Also we ask that you watch over all the others around the world today who  
may also be caught  
in this same addictive cycle – please free them too, and help our society  
move from these desperate rescues to a proactive prevention of this scourge.

We pray that people will find their dignity and self-worth  
and push addictive tendencies out of their lives and that this person will not  
only recover themselves, but that they can become a beacon of hope for  
others suffering similarly

Lord, we ask for you to change the hearts of dealers, growers and  
transporters of these evil substances  
Please show them your light, and help them to stop this needless killing  
Certainly they see the damage of what they are doing  
please give them the courage to stand up for life and for goodness.

AMEN

**If the victim has not begun to wake up after  
you have read this text  
Administer another dose now!**

## FOREVER ANGELS OF BREVARD - FLORIDA

April Smith-Walls shares a powerful personal story about addiction, recovery, and the devastating impact of the fentanyl crisis on her family. After struggling with crack cocaine addiction for more than a decade, she achieved sobriety in 2011.

Between 2017 and 2023, she lost four family members to fentanyl, heroin, alcohol, and related drug toxicities, including two of her children. She also lost a daughter in a car accident a day after she completed rehab.

Through her experience, she highlights how fentanyl poisoning affects entire communities and families, not just individuals struggling with addiction.

She strongly advocates for widespread access to Naloxone (Narcan), a medication that can reverse opioid overdoses, urging people to keep it at home just like a fire extinguisher.

She emphasizes awareness, compassion, and education, encouraging those battling addiction to keep trying to recover and urging communities to reduce stigma while expanding access to life-saving resources.

This testimony is a powerful call to action against the opioid and fentanyl epidemic. It underscores the devastating ripple effects of addiction, the critical importance of Naloxone access, and the need for compassion, education, and community support. The speaker transforms personal grief into purposeful advocacy, urging society to equip themselves with knowledge and tools to save lives and support recovery.

Hear April's story on YouTube.

## HANLEY FOUNDATION - FLORIDA

### Free Narcan - Cabinet Locations

Hanley Foundation knows the value of lifesaving Narcan. In previous years, we have supplied Narcan in Glades, Hendry, and Okeechobee counties to community members and law enforcement through a federal grant from the Health Resources and Services Administration. To further combat the opioid crisis, in 2024, Hanley Foundation installed emergency, free Narcan dispensers in locations across Palm Beach, Okeechobee, Hendry, and Glades counties thanks to funding from the Palm Beach County Sheriff's Office, Southeast Florida Behavioral Health Network, and the Health Resources and Services Administration.

The initiative aims to provide immediate access to Narcan, a medication proven to reverse opioid overdoses, in critical locations across the region. Narcan, also known as naloxone, is an FDA-approved, over-the-counter medication that can rapidly reverse the effects of an opioid overdose if administered in time. One of the significant advantages of Narcan is its safety—there are no harmful side effects, even if administered to someone who is not experiencing an overdose. Narcan is an essential tool in the fight against the alarming rise in opioid-related fatalities.

**KENNETH YOUNG FOUNDATION - ILLINOIS**

At the Kenneth Young Center's Recovery Support Services Department, we serve communities across the greater Chicagoland area. Currently, we have standing dispensers and wall-mounted units installed at 13 locations, including churches, casinos, drop-in centers, and food pantries.

Since launching our installation program in 2023, more than 2,000 boxes of Narcan have been distributed to the communities we support, contributing to over 90 documented opioid overdose reversals.

Rooted in harm reduction principles, our mission is to meet individuals where they are by increasing access to life-saving resources. These dispensers allow us to identify underserved areas, reduce barriers to care, and provide immediate access to safety tools without stigma. By placing both knowledge and resources directly into the hands of community members, we help create safer, healthier environments for those most in need.

## Why are school nurses and health departments **FALLING IN LOVE WITH** these LiveSafer Cabinets?

They put lifesaving supplies in public corridors - instead of locked away in the nurse's office. They're conspicuously labeled for easy understanding. They're flexible, changeable and upgradeable - just peel off a label and apply a new one. They don't put undue emphasis on Naloxone. You don't want parents walking past a cabinet and saying "Wow, they must have bad drug problems in this school" - by blending everything into a kit, it is more subtle even though its incredibly comprehensive.

### For Mounting Next To Your Existing AED

#### LIVESAFER™

We produce high-quality custom labels and graphic decals using our new professional printing and cutting machine, delivering sharp detail, durable materials, and precise cutting.

**WHAT WE PRINT:**

- Floor graphic stickers for stores, events, and directional signage
- Wall graphic stickers for branding and interiors
- Small custom stickers in various shapes and sizes
- Large format decals and graphics
- Custom information labels and branding stickers for businesses

**Why in-house production matters for you:**

Because everything is produced in our own facility, we control the entire process from printing to cutting to applying labels to your product. This means:

- Faster turnaround – no outsourcing delays
- Consistent quality on every order
- Easy reorders with the same colors and specifications
- Flexibility for custom sizes and small runs
- Better communication when adjustments are needed

**Our goal is to provide reliable, professional label production that helps your brand stand out — whether you need a small batch of custom labels or large graphic decals.**

**Safe Facility Door/Windows Stickers**

Size: 10" x 2.75"  
 #EN9808

Let everyone know your facility is prepared. Our new Safe Facility stickers are designed to be applied to doors and windows, clearly signaling that life-saving equipment is on-site and ready in an emergency.

Each sticker communicates at a glance that the facility is equipped with:

- Naloxone - for opioid overdose emergencies
- Epinephrine - for severe allergic reactions
- AED (Defibrillator) - for sudden cardiac arrest
- Severe Bleeding Control Kit - for traumatic injuries

Printed on durable vinyl with bold, color-coded icons for instant recognition, these stickers help first responders, employees, and visitors quickly identify that your facility is equipped to handle medical emergencies.

CUSTOM DESIGNS AVAILABLE

**Floor Signage Graphic Stickers - Emergency First Aid Wayfinding**

Size: 20" x 20"  
 #EN9809

Guide people straight to life-saving supplies. Our 20" x 20" floor decals use a bold arrow and high-contrast graphics to point directly to your facility's emergency first aid station.

Printed on durable, slip-resistant vinyl, they stay vibrant and legible under heavy foot traffic - ideal for schools, offices, warehouses, and public buildings.

CUSTOM DESIGNS AVAILABLE

**Door Glass Stickers**

Let your community know help is on hand. These bold purple door glass decals clearly signal that free Naloxone is available inside - a simple visual cue that can save lives in an opioid emergency. Printed on durable, weather-resistant vinyl for indoor or outdoor glass application. Available in multiple sizes to suit any entryway, with custom sizes available on request.

## MONROE COUNTY - NEW YORK

The Naloxone Box program in Monroe County began after County Executive Adam J. Bello made reducing overdose deaths a priority. In 2022, the county committed to making naloxone free and easily available to all residents.

Today, Monroe County has placed 638 naloxone boxes across Rochester and surrounding suburban and rural areas, serving a population of about 752,000 people. Boxes are located in housing complexes, community organizations, retail stores, hospitals, colleges, parks, and other public spaces. Outdoor boxes are used the most because they provide anonymity and easy access.

Yesterday, Chief Deputy Michael Fowler participated in a march against violence in the City of Rochester. During the march, he was alerted to a woman experiencing a possible drug overdose. He ran to retrieve Naloxone from a nearby box on Clinton Ave. and returned to administer it with the assistance of another community member participating in the march. The woman was transported to a hospital and is expected to be okay. We are grateful for the quick actions of C/D Fowler, the community members who assisted, and for the Naloxone box that served its intended purpose. All of these factors possibly saved a life. These are your Monroe County Sheriff's Deputies.

"In the Police interview room, suspect of petty larceny needed to be Narcaned after she overdosed."

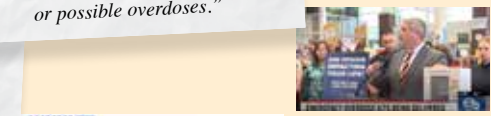

"I work for the YWCA and we get a few people from outside that we help with the narcan."

"Our staff and clients have utilized the boxes during multiple overdoses or possible overdoses."

The program distributes about 1,900 naloxone kits per month, with over 47,000 kits provided since the program began. Challenges have included getting property owner approval and addressing stigma around substance use, but ongoing outreach and education have helped overcome these barriers. The biggest surprise has been the strongly positive feedback from the community.

"We have had an emergency of a man overdosing in the lot behind our building. Narcan was administered and the Fire Department was able to take over the situations."

Harm reduction strategy aims to save lives, one Narcan box at a time

# PICKING UP THE PIECES - FLORIDA

“My daughter and I created a Facebook page named Picking Up the Pieces in the hopes that it will give those who have been affected by the opioid epidemic a place to unite.

I lost my son, Ian, on April 20, 2018 to a deadly combination of Fentanyl, Carfentanyl, and Methamphetamine. As a mother who lost her son, I feel that it is my duty to bring awareness to those who may think that this won't happen to them. I was that person.”

Michelle Pepin

# OUTDOOR NALOXONE CABINETS

Perfect for homeless encampments, bus stops and parks.

We are faced with the challenge that overdoses occur in some very inconvenient locations - including parks and other outdoor locations that are exposed to the elements. Naloxone\* does not freeze until -5 degrees Fahrenheit, so in most climates, there will only be a few weeks per year where Naloxone stored outdoors is not viable for use. Our research tells us that governments do not want to spend \$5000 on a cabinet with air conditioning and heat to protect an \$24 medication. So this cabinet is a good happy medium.

**\*NO MEDICATION INCLUDED -**  
We Sell Empty Cases/Cabinets and You Obtain Your Own Medication

## OUTDOOR CABINET - STANDARD

- Size 15"L x 11"W x 6.5"D
- Weight 4.25 lbs
- Max Capacity 6 full boxes of Narcan

#EN9543

Replacement latches #EN9811

## OUTDOOR CABINET - LARGE

- Size 17.75"L x 13.75"W x 8"D
- Weight 6.9 lbs
- Max Capacity 24 full boxes of Narcan

#EN9698

### Product Features:

- Cabinet is a gasketed waterproof enclosure
- The clear door shows clear labeling facing outside and large, easy to read instructions for Narcan administration inside
- Internal cases are insulated zipper packs are available separately
- Inside the cabinet there is a Velcro loop back plate for mounting boxes or doses of medication in case you do not want to use individual insulated packs
- As you can see in the image on this page, we are able to customize this cabinet with your organization's logo, crisis line and replenishment info.
- Signage is sold separately due to the fact that signage differs for wall-mount and pole-mount installation options.
- Material: Plastic
- Color: Gray/Clear
- Includes: Outside facing label (Generic or Custom), Naloxone Instructions, Velcro loop back plate, Velcro.

## POLE-MOUNTING KIT

ENGLISH/FRENCH	#EN9496

## Convert Your AED Cabinet to Hold Additional Lifesaving Supplies

This kit provides all supplies needed to convert your existing AED cabinet into a dual-function AED/AEK cabinet. This concept mounts allergy emergency auto-injectors to the back wall of the cabinet where they will be visible above the AED.

### AED CABINET CONVERSION KIT (NARCAN)

Everything you need to convert an AED Cabinet to hold Narcan too!  
Convert to AED + Naloxone/Narcan

#EN9691

CONVERT TO AED + SEVERE BLEEDING KIT	#EN9690
CONVERT TO AED + EPIPEN	#EN9393
CONVERT TO AED + EPIPEN/NALOXONE/SEVERE BLEEDING	#EN9991
CONVERT TO AED + EPIPEN/NALOXONE	#EN9992
CONVERT TO AED + NALOXONE/NARCAN	#EN9691

If your location already has a really nice AED cabinet, you may be able to just add in Naloxone with this re-stickering and signage kit. Includes everything you need to make it conspicuous for both types of emergencies.

### NALOXONE CABINET WITH SPACE FOR AED

- Dimensions: 17" x 17" x 6"
- Weight: 17 lbs
- AED and Opioid Naloxone.

#EN9993

If blending Naloxone into a location that already has an AED, you can use this larger cabinet which is big enough for both AED and a red inner case for your naloxone, to avoid having multiple cabinets on the wall.

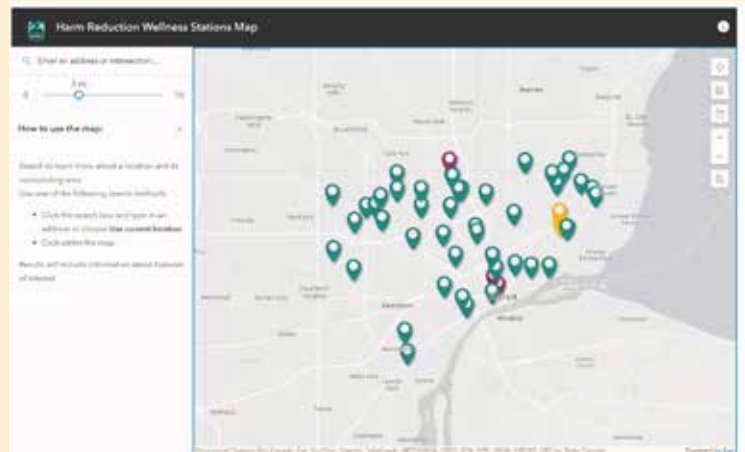

## DETROIT - MICHIGAN

**Hope, safety, and life - right at your fingertips.**

The Detroit Health Department's Harm Reduction Wellness Stations provide free supplies to help prevent disease, reduce overdose risks, and make substance use safer. This initiative helps protect the health of Detroiters by giving residents the tools they need to stay safe.

You can find the Harm Reduction Wellness Stations at several locations in the form of newspaper stands, wall mounts or counter-top placements in local businesses, and vending machines in DDOT terminals.

## OVERFLOW HEALTH ALLIANCE, FL

Illinois Supply Company prides itself on being responsive to your needs on the front lines of the opioid crisis, and we're also very aware that addiction and homelessness are constant companions.

Rosemary Wilson worked on the Cubbie Home "Minimum Viable Housing" concept for the last two years, showing prototypes at trade shows and delivering the first Cubbie Home to Pensacola, Florida in the care of Hale Morrisette at the Overflow Health Alliance. [www.overflowhealthalliance.org](http://www.overflowhealthalliance.org)

In 2026 new prototypes are in the works, including Handicapped-Accessible and "Mom and Baby" loft units.

Cubbie Home units arrive ready-to-use. They have heat and air-conditioning and a lockable storage cabinet under the bed. It is intended that central bathroom, shower and laundry trailers will be used in conjunction with Cubbie Homes for better hygiene control.

- Full enclosed shelter from the elements
- Locking residential door
- 2 Windows with locks
- Storage Locker Under Bed
- Fully Insulated
- Dry Sink
- Bed with Twin Mattress
- Integrated shelving
- Basic Lights and Outlets
- Mini-Split Heater and Air Conditioner (Access to Electricity Required. House power panel plugs into your available on-site electricity – no hard wiring required)

- Each Unit is Painted A Different Color For Pride of Ownership
- Address Plate and Mail Slot (To Give Unhomed Individuals Access to Mail Delivery)
- Includes shutters and flower boxes
- Units delivered fully assembled
- No foundation needed, perfect for rapid deployment of shelter in parking lots or other short or medium term locations. Fully relocatable and truck shippable
- No assembly needed.
- Minimum Viable Housing (MVH) units are recommended for use adjacent to buildings with restrooms or utilizing rental restroom trailers, shower trailers and laundry trailers.

Our Amish builders craft Cubbie Homes to be cozy and solid despite their very affordable price point of \$10,000-12,000 each. Our delivery team can deliver four units at a time to anywhere in the USA.

Your Cubbie Home Village can be installed on pavement, gravel, or even bare clay since they are on skids. They can be moved if needed. When you build an entire community at once, the buildings are painted distinct, attractive colors resembling a Swedish fishing village. Most installations will be located near public restrooms or trailers that are plumbed into city water and sewer.

## SPECIAL SERVICES

### Custom Labeling

On orders of 20 or more cabinets or kiosks, we offer a complimentary "strip" that is approximately the size of a bumper sticker which can feature your logo, QR code, SUD crisis line etc. On orders of less than 20 cabinets there is a one-time \$249 for this strip. If you would like a "full wrap" or all custom labels on the product, the one-time design fee starts is \$2500.

### Custom Labels, Floor Graphics and Window Graphics

We maintain an in-house high-end graphic designer and a 60" width label printer with various vinyl options to help you to promote your Naloxone cabinets and kiosks and get the word out with your custom messaging.

### Ship-On-Demand

If you would like to send us a single PO, but you need each cabinet or kiosk shipped to a unique location, we allow you to pre-pay your order in full and we can share a spreadsheet that allows you to enter your shipping locations all at once, or gradually over time.

### Naloxone Filling

If you ship your Naloxone to our warehouse, we would be happy to ship your cabinets or kiosks out "fully stocked" to your distribution locations.

### Local Delivery (Large Projects Only)

If you have a large Naloxone distribution project that covers an entire city or state, we may be able to stand up a temporary warehouse or delivery fleet in your area.

### Google Maps

If you would like to create location maps to help your community find their closest Naloxone Distribution Station, we can assist you with this code.

### OVERDOSE EMERGENCY CARRYING BAG

Holds 6 loose doses of Narcan\* or 1 Box of Narcan® Brand Naloxone

#EN9551

### KEEP CALM NALOXONE KOOZIE
