

Naloxone Overdose Emergency Cabinet (Locking)

Naloxone* is a miracle drug for reversing the respiratory depression caused by Opioids like Fentanyl, Oxycodone and Heroin. This cabinet is designed to hold all overdose emergency delivery mechanisms currently on the market using our Velcro mounting system. It offers space for 3 to 6 boxes of Narcan Brand Naloxone (including the new OTC box) as well as an 8.5 x 11 unfolded instruction sheet. It also includes a 3D Wall Sign and Opioid Overdose Poster which details how to identify an overdose and how to use Narcan nasal spray. This unit is a Locking Cabinet with Breakable Acrylic Window and Hammer.

*No Medication Included - We Sell Empty Cases/Cabinets and You Obtain Your Own Medication

PRODUCT FEATURES:

- Breakable Acrylic Window
- Hammer attached with chain to the top
- Back panel allows for very visible display of emergency kit (in box or individual doses)
- Raised back allows for a laminated 8.5" x 11" instruction sheet to be displayed without folding (much easier to read in an emergency)
- The same metal construction you see in AED cabinets worldwide
- All metal cabinets include a 3D projecting sign you can hang above the cabinet
- Cabinet measures 13" x 13" x 4" and will easily hold six boxes of Narcan (12 doses)
- Custom labeling offered to show your organization's logo, crisis line number and replenishment/refill information.
