

Cafeteria / Lunch Room Combo - Food Allergy & Choking Rescue Cases w/Sign (Empty)

This kit gives you cases for the choking rescue kit and EpiPens* you already have. A yellow case for Choking and a red case for Epinephrine. Includes 2 wall hangers and a 3D Projecting Sign that includes appropriate text and icons.

These mini suitcase style carrying cases have a perfect Grab and Go design. The Choking First Aid Case fits all known choking rescue devices but it is especially designed with a LifeVac label. The Allergy Emergency Kit Case includes an inside velcro panel and velcro dots, to mount your Auto-Injectors neatly to one side of the case. Weight guidance labels are also included.

Both cases are made of high-quality resin for durability. Hang on the wall with Metal hanger for easy access. Plus, when your supplies are used in an emergency, you can easily swap new supplies in and out of these cases.

**No Medication Included - We Sell Empty Cases/Cabinets and You Obtain Your Own Medication*
