

EN9732

20-Unit Asthma Emergency Kit for School Nurse's Office

A bustling school nurse's office has many students coming in and out to take a puff on their inhaler.* You need them organized, but easy to grab. The inhaler panel skips the cabinet altogether and puts each student's photo in the bag for their own inhaler.

**No Medication Included - We Sell Empty Cases/Cabinets and You Obtain Your Own Medication*

PRODUCT FEATURES:

- Velcro® backing allows you to store approximately 20 standard sized inhalers (or less if you have chambers or accessory items) using included perfectly-sized poly bags with Velcro® attachment
- A Microsoft Word template is provided for printing labels for each inhaler including a photograph, medical condition details, expiration date, etc.
- Optional signage and evacuation bags are available
